

Promoting Good Practices and Standards

4th Young Superintendents of Police Conference & Police Expo 2022

September 29-30, 2022

BPR&D Hqrs, NH-8, Mahipalpur, New Delhi

Draft Programme

Day 1: September 29, 2022 (Thursday)

| Time | Session |
|-----------------|---|
| 0900 – 1000 Hrs | Registration |
| 1000 – 1115 Hrs | Inaugural Function |
| 1115 – 1200 Hrs | Visit to Exhibition & High Tea (Group Photograph with Young SsP) |
| 1200 – 1330 Hrs | <p><u>Session 1: Drone as Force Multiplier for Enforcement Agencies</u></p> <p>Drones have proven to be among the most promising tools to assist enforcement agencies in planning and deploying both defensive and offensive measures against anti-social and anti-national elements. It can very well converge with other high-end technologies to form a robust national security system. Drones have been used by police forces for monitoring activities in a disturbed area, searching people amidst disasters and surveillance across border areas, however applications could be wider and more comprehensive.</p> <p>This session is aimed at learning modern day challenges for state police and CAPFs and try addressing some of them with drone-based solutions.</p> |
| 1330 – 1500 Hrs | Visit to Exhibition & Networking Lunch |
| 1500 – 1630 Hrs | <p><u>Session 2: Counter Drone Capabilities for Neutralizing Threats Posed by Rogue Drones</u></p> <p>The world has witnessed some of the precisely planned attacks with help of drones. Every nation and the forces protecting key people and sensitive places of national interest worldwide, are looking for effective counter-drone technologies which could detect, identify, track and neutralize rogue drones. Government of India is committed to leverage drone technology for civilian applications to benefit the masses, having effective counter-drone solutions deployed shall also help reduce the perceived threat from drones and enable government agencies to encourage the regulated use of commercial drones.</p> <p>This session will discuss potential threats emerging from rouge drones and look at solutions to detect or intercept unmanned aerial systems while in flight and neutralise them, if required, in both civilian and border areas.</p> |
| 1630 – 1800 Hrs | Visit to Exhibition |

Day 2: September 30, 2022 (Friday)

| Time | Session |
|------------------------|---|
| 0900 – 1000 Hrs | Registration |
| 1000 – 1130 Hrs | <p><u>Session 3: Cybercrime Management Capabilities to Address Complex Challenges faced by Police Forces</u></p> <p>India is going digital in all the possible aspects of life. Governments, information infrastructure and services, all are accessible to citizens through internet and smart devices and systems are making us more efficient and connected every day. Emergence of COVID 19 also forced us to adopt more digital means in daily doing. Seamless connectivity with cyber space has put us under cyber threat which has been evident with growing number of cyber-attacks in last two years. Governments and enterprises have to constantly address emerging vulnerabilities that may arise from cyberspace domain.</p> <p>In this session, the panellists will highlight some of the emerging technologies that could be deployed by law enforcement agencies and corporates to combat cyber-crime.</p> |
| 1130 – 1145 Hrs | Networking Tea / Coffee |
| 1145 – 1315 Hrs | <p><u>Session 4: New Age Technologies for Predictive and SMART Policing</u></p> <p>India needs a long term and focussed approach to develop technology and solutions to meet its internal security challenges- especially to address the requirements of Paramilitary and State Police Forces. Homeland Security has distinct requirements in terms of complexities and challenges as the threats arise on account of various factors such as social structures and inherent inequities; therefore, a different approach would be essential.</p> <p>The session aims to highlight the advancements in technology for homeland security which could be deployed by various forces deployed in Internal Security forces.</p> |
| 1315 – 1430 Hrs | Visit to Exhibition & Networking Lunch |
| 1430 – 1530 Hrs | <p><u>Session 5: Startups - Shaping the future of Law Enforcement</u></p> <p>New technologies, new methods, and new ideas have brought significant changes to law enforcement. Start-ups are shaping the future of law enforcement with emerging technologies that support new concepts of operations, curbing crime and keeping society safe.</p> |
| 1530 – 1630 Hrs | Visit to Exhibition |
| 1630 – 1730 Hrs | Valedictory Function |
| 1730 Hrs | Closing |
